

# Who we are

Pharma IMEX Ltd. is the fastest growing Pharmaceutical marketing company in Bangladesh. IMEX is one of the latest additions of Team Group and as a part of the Team Group; IMEX represents the highest standards of quality, professionalism and service. IMEX operates its activities in three arena of the healthcare sector.

- Import
- Export &
- Indenting

## **Import:**

We are specialized in the marketing of pharmaceuticals finished products of world-renowned pharmaceutical companies. IMEX engages in the field of Oncology, Gynaecology, Blood plasma derivative & other Hi-Tech Pharmaceutical finished products, and Medical Devices. Because of the high standard of professionalism, IMEX is now the right choice for global brands to market their products in Bangladesh. Our aim is to brand our partner's products to our customers including pharmacies, hospitals, clinics, doctors, health care providers, and other wholesalers thereby contributing to ensure quality products for our valued customers.

## **Export:**

The global Pharma market varies from one country to another country in a sense of regulatory requirements, marketing strategy, and customer behaviours. We have a thorough understanding of the global pharmaceutical market and export a variety of pharmaceutical finished products internationally. IMEX acts as a pharmaceutical export partner for any pharmaceutical manufacturer of Bangladesh. With our experience and global network, we are facilitating processes for Bangladeshi pharmaceutical manufacturers to identify the right market and right partners for their products in different export destinations. Currently, we are working with many

Pharmaceutical manufacturers in Bangladesh for exporting their products in the overseas market.

## **Indenting:**

For the global API & Excipient manufacturers, IMEX becomes the trusted partner to market their API & Excipients in Bangladesh. IMEX provides the highest standard API & Excipients having DMF/US DMF/CP grade to the pharmaceutical companies of Bangladesh.

At present, IMEX is representing a number of reputed and certified API & Excipients manufacturing companies from Brazil, Mexico, Spain, Italy, Germany, India, China, and South Korea. While choosing sources, we strictly focus on manufacturer quality certifications like USDMF, EDMF, GMP, COA, MOA, MSDS, and TSE/BSE. What makes us different from other indenting houses is that we not only provide our customers with the absolute best products and service at a competitive price but also we listen to them, respond quickly to their current needs, anticipate future needs, and earn their business every day. A highly skilled team for Business Development, Sales & Marketing, and Drug Regulatory Affairs is the main strength of IMEX. With its friendly and hardworking staff, IMEX shares strong values of performance, creativity, and interdependence with partners, customers, and manufacturers of home and abroad.
